

DISCOVERY CLASSES LATE FALL 2022 **(November 6-December 11, from 9:00-9:50AM)**

1. Hope For This Present Crisis- Part 2

Teacher: Steve Playter

We are in the midst of a global crisis. Disease, crime, financial collapses, National division, educational chaos, and many other issues are right at our doorstep. For Christians, it would be easy to throw up our hands in defeat and anger. The Church itself is going through a time of questioning the very basic and established truths that it has believed since Pentecost. How do we navigate such perilous times and where do we start? Is this the beginning of the end or does our God of second chances have a plan to turn this around? This session we will be looking at the scriptures to see how God works in times of desperation. The Church must play a major role. Fortunately the Bible gives words of hope and assurance that can show us the way. Join us as we seek God's wisdom and reestablish the authority of the Book of Truth.

Once in every man and nation comes the moment to decide,
In the strife of Truth with falsehood, for the good or evil side

James Russell Lowell 1845

2. The Teachings of Jesus – Ageless Practical Truth

Teacher: Stan Zaucha

Jesus is the consummate teacher making truth clear and understandable. The truth that he taught is not some theoretical theology that only academics can decipher and discuss, but rather is truth that gets right down to the practicality of life and points the way back to God from the separation from God that has existed since the sin of Adam and Eve. It still boggles my mind to realize that the creator of the vast universe has taken the time and trouble to communicate His love and truth to undeserving sinful humankind to establish a close relationship with Him. Jesus' truthful teaching provides what is needed to find the way to God and to live the Christian life and persevere to ultimately live with Him forever in paradise. Some of the topics that Jesus taught that we covered in the first six weeks include himself, God, man, sin, salvation, and faith. The teachings we will cover in the next six weeks include faithfulness, prayer, money, heaven, hell, and his second coming. We will take a brief look at each of these teachings, but each session is a lesson unto itself and does not necessarily depend on any other lesson. So if you must miss a session or two you will still garner much help in living the Christian life. After all, God through His love and grace is providing this truth to us for us to use and live by. Take advantage of God's truth that God has graciously laid out for us through His Son. Come join us for an enlightening study of Jesus' teachings as can be found only in the Scriptures as the Holy Spirit guides us
